## Sports Day Results

When all the results were added up for both sports days the numbers were as follows

**Yellow 3644**

**Green 3376**

**Red 3289**

**Blue 3263**

Alfie is in a painting in the Paisley Museum. The painting is by Paul Kennedy.

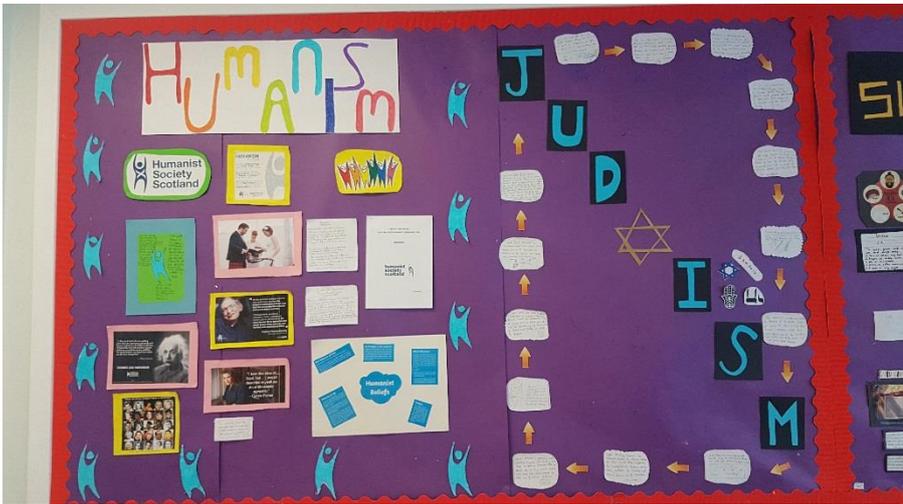

Rebecca competed in her first Half Kata competition on Saturday and she was delighted that she won first place.

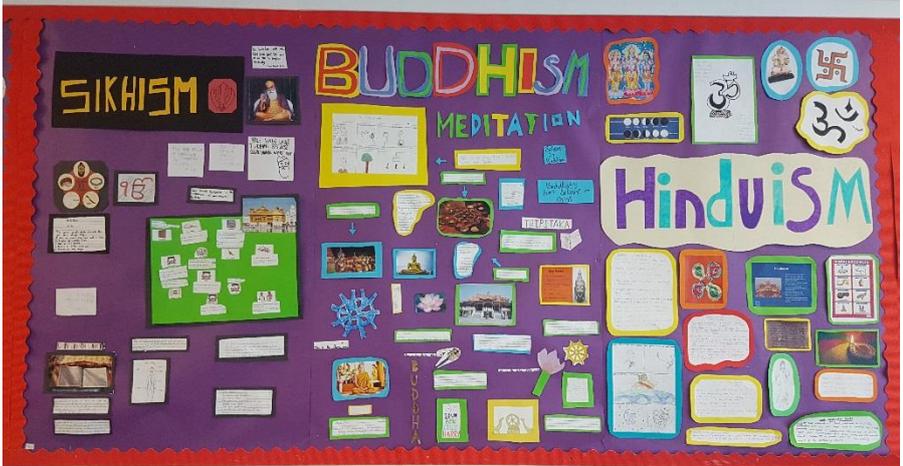

Daniella P5 was in her dance show at the weekend. She didn't only dance amazing in this year's shows, she also won the dance school's "Lovely Person of the Year Award 2018".

P7s held a Buddy Beach Bonanza this week for their P3 buddies. Chilly but fun and what a difference a week makes!

As one of their last projects at Towerbank, Primary 7s have been doing an investigation into world religions. Each group was given one of the major world belief systems to research, present and create a wall display for. They have done an outstanding job, displaying independence, responsibility and team work to create amazing displays of their learning. We are all looking forward to hearing their presentations on Monday!

For my creative homework I made a garden for Titania (the fairy queen from A Midsummer Night's Dream.)

I went camping and found some of the stuff like pine cones and feathers and I got the plant pot and the sticks from my garden.

I designed it first then I used wood glue to stick it together. It took me about a week to make it all.

I also illustrated Titania's Lullaby from the play.

By Anna P4

Gregor took part in the Meadowbank Club Championship competition on 2/9, tried his very best and won a bronze medal! He'd left for the school disco so missed the awards ceremony but got his medals at his class on Saturday . They got a special club champs t-shirt with all their names on the back.

# MONTHLY JUNE 2018 CHALLENGE

Mr Rand has a pond in his garden.

On the first day of the summer holidays, he spots a lily pad on top of the pond. The next day, there are more lily pads.

In fact, each day the amount of the pond covered by the lily pad doubles in size.

48 days later, the whole pond is covered in lily pads.

How many days does it take for the lily pads to cover half the pond?

All solutions should be submitted by  
Friday 29<sup>th</sup> June 2018.

(If you said 24 days, I'm afraid you've not cracked it yet!)

# MATHS WEEK SCOTLAND 2018

**September 2018**

## **Do you want to get involved?**

In September this year, the school will take part in Maths Week Scotland. This is a national, government-backed initiative which aims to help give everybody a positive experience of maths and numeracy.

As we pull plans together for this event, we wanted to involve the broader community...

Would you like to get involved in this initiative?

Do you make use on maths in your job or as part of a hobby?

Do you have expertise, experience or sheer enthusiasm which you'd be happy to share with pupils?

If you think you have something to offer – no matter how creative or unusual - please get in touch. We'd love to hear all of your ideas.

Please email [admin@towerbank.edin.sch.uk](mailto:admin@towerbank.edin.sch.uk) before the end of term.
